DETAILED ACTION

1. The following application, filed 24 January 2001 has been reviewed.

Status of Claims

2. Claims 1-10 are originally filed. Therefore claims 1-10 are pending in this application.

Claim Rejections - 35 USC § 102

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

4. Claims 1-10 are rejected under 35 U.S.C. 102(b) as being anticipated by Gustin et al. (hereinafter Gustin) U.S. Patent 5,894,625.

Regarding independent claims 1 and 6, Gustin discloses a payment form discrimination method for discriminating a payment form which states at least a payee account number and a payment amount, comprising: a step of acquiring an image of the form (column 13, lines 5-55 and column 20, lines 1-38); a step of making a search for the payee account number in the image in accordance with an account number searching rule (column 20, lines 1-38); and a step of

Art Unit: 3624

discriminating the type of form based on the searched payee account number (column 20, line 66 thru column 21, line 18).

Claims 2 and 7, the payment form discrimination method comprises, a step of recognizing an account number with the searching rule; and a step of determining whether this recognized account number is a registered account number (column 20, lines 1-38).

Claims 3 and 8, wherein the searching step comprises a step of making a search for the payee account number in accordance with a searching rule that is based on recognition categories and regularities regarding a character string (column 13, lines 5-55).

Claims 4 and 9, wherein the searching step comprises a step of recognizing a plurality of account numbers of the payment form; and a step of merging a plurality of results which have been recognized to determine the payee account number (column 13, lines 5-55 and column 20, lines 1-38).

Claims 5 and 10, wherein the searching step comprises, a step of searching hyphens in the image, and a step of subjecting surrounding areas of searched hyphens to character recognition in a specified recognition category, and determining whether the result of the character recognition has the specified regularities (column 13, lines 5-55).
